Registration Instructions for Corporate and Professional Education Students

To register for any WPI program, a Registration Form must be submitted. The Registration form provides WPI with the information necessary to create your student accounts.

To register for a Graduate Program, Workshop, Technical Short Course or Continuing Education Certificate complete the online registration form located here:

https://wpi-cpe.edu.185r.net/survey/?id=109

Don’t see your program listed on the online registration form?

Students who are NOT part of a corporate sponsored cohort and are registering and an individual for an ONLINE graduate program in Electrical and Computer Engineering, Fire Protection Engineering, Environmental Engineering, System Dynamics, or Mechanical Engineering, should use this form:

http://www.wpi.edu/Images/CMS/Registrar/Graduate_Registraton_Form(4).pdf

If you are unsure which application you should use please contact Your Operations Manager for assistance.

Completing the Registration Form

Please begin by selecting the type of program you are registering for.

- A graduate program is a Master’s level course for credit
- An open enrollment workshop or continuing education certificate is a CEU granting program that is open to any individual
- A workshop or technical short course at a company is a CEU granting program specifically designed for the employees of that specific company. You must be an employee to participate.

Answer each question and at the end of the form, then hit submit. Required questions are noted with an asterisk*.

Once the form is submitted you will receive a confirmation email.

Questions pertaining to the receipt and processing of registration forms should be directed to Heidi Walker, WPI Corporate and Professional Education, at +1-508-831-4161; hbrennan@wpi.edu.
